# ONLY THE FINEST MALT AND BREWING INGREDIENTS.

## MALTINGS ARE LOCATED IN MARTON

Malteurop NZ sources malting barley from four main regions and has its malting plant in Marton.

### MARTON GROWER

Arable Solutions grows malting barley in the Rangitikei region near Marton.

### HAWKE'S BAY GROWER

Ludlow Farm is a grower in Otane in the Hawke's Bay.

### WAIRARAPA GROWER

The Reynolds brothers' farm near Masterton has been in the family since 1865.

### CANTERBURY GROWER

Marr Farms in Methven grow trial breeds and established malting barley varieties.

## CHAIRPERSON'S REPORT 2016/17

---

### ANNUAL REPORT

As we celebrate the 11th anniversary of the Brewers Guild of New Zealand Awards it is my pleasure to provide a review of the previous 12 months and an update on the Guild. 2016 finished on a real high with an excellent celebration of 10 years of the Guild Awards, an historic milestone for our organisation. Every year of the Guilds existence has seen growth in the industry, demonstrated for us by increased membership and awards entries year on year. We are pleased to say that this year the growth has continued with a record 126 members at the time of writing and 964 beers entered into the awards.

It has been a challenging but rewarding year for the Guild with some limitations on what the organisation has been able to achieve while we worked through a full review of the Guild and our future. Nevertheless there have been some key highlights throughout the year and we look forward to sharing these with you at our upcoming Conference, AGM and Awards Dinner.

---

## CHAIRPERSON'S REPORT 2016/17

---

### HIGHLIGHTS

There have been a number of highlights throughout the last year that are worthy of mention as we review the previous 12 months, including

- **Education:** Progress continues to be made on providing a better framework for recognised education opportunities in the Brewing sector. The Institute of Brewing and Distilling are active in NZ and offer world class qualifications and with the Guilds assistance we hope these will soon be recognised by NZQA.
- **Advocacy:** The Guild has been involved with and made submissions on a review of the Customs and Excise act, the Alcohol Excise Plan and more recently on industry consultation relating to Energy Labelling of Alcoholic Beverages. Special thanks to our President Emma McCashin who regularly takes the lead on ensuring the Guild's voice is heard at a regulatory and legislative level.
- **Awards/Conference:** We are thrilled to be bringing the Guild Awards to the South Island for the first time since the Guild was formed. This year in Christchurch will be a great opportunity for the industry to get together and celebrate and experience the great beer culture that has developed in the mainland over the last 20 years. This has been a big piece of work for the committee and especially Cathrine van Venrooy so if you have not already booked yourself in please consider joining us for the celebration.
- **Sub-Committee Review:** As an outcome of the 2016 AGM the Guild formed a sub-committee of industry participants to review the future structure and purpose of the Guild. The sub-committee has returned a challenging and aspirational proposal that would see the Guild grow and mature. We engaged in the broadest consultation with our members in the history of the Guild and as part of the recent AGM members will vote on the recommendations.

---

## CHAIRPERSON'S REPORT 2016/17

---

### OUTCOME OF SUB-COMMITTEE ON THE FUTURE OF THE GUILD

Further to the highlights outlined above the Sub-Committee formed to review the future of the made recommendations earlier this year that were broadly consulted on with members. After receiving a large amount of feedback these recommendations have been refined and presented to the members to vote on.

In short, the proposal is for a well-funded Guild with full time staff and an aspiration to deliver significantly more value to our members, sponsors, and the wider brewing industry. At the time of writing the AGM had not taken place, but whatever the outcome it has been a valuable process for the Guild and will set a clear direction for the future of the organisation.

---

## CHAIRPERSON'S REPORT 2016/17

---

### THANK YOU'S

As always, there are a number of public acknowledgements to make and many others deserving of thanks that we don't have the room to list!

Special mentions to

- Our generous and passionate Sponsors and our 60+ Corporate Members who unfailingly support the Guild to continue to deliver value to our industry. We truly couldn't exist without your help.
- Craig Bowen and team (judges, stewards, helpers) who tirelessly work every year to deliver a world class beer awards that brings enormous credit to the Guild and the NZ brewing industry.
- Cathrine van Venrooy. After project managing the awards last year Cathrine has taken on the Executive Officer role and has performed admirably throughout the year. As well as managing the relocation of the awards to Christchurch, Cathrine has also been instrumental in attracting and retaining record levels of sponsorship this year.
- Members of the Sub-Committee formed to review the future of the Guild. Our sincere thanks to Jenny Cameron, Tracy Banner, David Cryer, Gareth Smith, Luke Nicholas, Emma McCashin and Ralph Bungard for their valuable input and guidance throughout the process.

Finally, a huge thank you to the current Guild Executive committee, President Emma McCashin, Treasurer Matt Stevens, Ralph Bungard, Ava Wilson, Lucie Campbell Alan Spinks, Andrew Childs and Keith Riley. Your continued commitment to the Guild is appreciated and I look forward to celebrating with you and all our members at the upcoming Conference Events and Awards.

A handwritten signature in black ink, appearing to read "Alve".

**AWARDS SUMMARY**

## AWARDS SUMMARY

This year saw 943 entries judged which was about on par with last year. Judging was held over three days from September 29 to October 1 overseen by a panel of 28 judges. This year we expanded the number of trainee positions with four returning from last year joined by another eight first year attendees. I'm often asked what it takes to become a beer judge and while obvious sensory skills are a necessity, that only makes up about 50% of a good judge. Stylistic knowledge, brewing knowledge as well as a number of personal and behavioural attributes all contribute to the make-up of a well-rounded beer judge. The goal of the trainee program isn't just to create new judges but to also allow those attending to test their sensory skills while immersing themselves in the biggest three day crash course in learning they will have had the opportunity to be a part of for a long time. Feedback from all trainees is that they are simply blown away by what they learn during the course of the weekend, which can only help them when they go back to their respective breweries.

We welcomed a group of 10 students from the Food Technology Department at Massey University as stewards. This is the 8th year of the partnership and a huge gratitude of thanks to the team for their commitment and diligence over the weekend. Last year I mentioned that one of the Massey students from previous years had gone on to gain full time employment in the industry. This year, Cameron Jamieson joined us as a Trainee Judge which again has showed how this Massey relationship has benefitted our industry.

### Beer Judging Award Criteria

#### **Gold Medal**

A world class beer that accurately exemplifies the style, or may vary slightly from style parameters, while displaying the proper balance of taste, aroma and appearance.

#### **Silver Medal**

An excellent beer that may vary from style parameters while maintaining close adherence to the style and displaying excellent taste, aroma and appearance.

#### **Bronze Medal**

A fine example that may vary from style parameters and have minor deviations in taste, aroma or appearance.

---

## AWARDS SUMMARY

---

In all, judges awarded 61 Gold Medals, 175 Silver and 254 Bronze. Interestingly, the number of golds awarded increased from 49 last year while silver increased from 145. Overall percentage of medals awarded was 52% (up from last year's low of 46%). While this increase is encouraging, I believe it is still far lower than where it should be. Entries have been sent to the awards 'ex brewery' so have by-passed normal distribution and retail channels. If only +/- 50% of entries have been judged as medal worthy when received straight from the brewery, then it raises the question as to the overall quality of product purchased by the consumer. All but one of this year's trophy winners were packaged (can or bottle) so the issue isn't one of freshness. I would encourage all entrants to review their judges notes when received. Collectively, if we can raise the quality then the industry as a whole can only benefit.

When reflecting on the results, it is encouraging to see some success from those new to the industry in the past 12 months – well done.

Lastly, thanks to the judges for their time and dedication to the task as well as all the back-room volunteers, led for the 8th year by Helen Matthews. Each brewer should have every confidence that all entries were presented at the judging table as best as they could be. Each keg entry gets handled a minimum of six times during the course of the awards while over 6000 glasses were washed. These things simply don't happen without the commitment of a hard-working team. Thank you.

Thanks also to all this year's awards sponsors.
